GET TO KNOW TAYLOR

- Avid home brewer
- Obsessed with her cat (Kally) and dog (Daisy)
- Created a servant leadership cohort for her university
- Enjoys Saturday markets, hiking, and board games

Taylor joined Quest Site Solutions after working in local economic development. Her background includes tackling a broad range of issues to facilitate capital investment and job creation. She is passionate about economic, community, and workforce development and how they coincide to make a difference.

PROFILE

Taylor Dietz joined Quest Site Solutions as a Consultant in 2022. Her prior experience includes working as a local economic developer. She was the Project Manager with the Development Authority of Columbia County, GA and served the Development Authority of Milledgeville & Baldwin County, GA. She achieved accreditation as a Certified Economic Developer (CEcD) through the International Economic Development Council in 2022 and is currently pursuing further certification through the Community Development Finance Association (CDFA) Development Finance Certified Professional Program.

Taylor serves key roles on both site selection and economic development projects. She is involved during all stages of projects from detailed site and infrastructure assessment through incentive capture. She enjoys working with clients to grow their impact and local economies.

Taylor brings nearly 10 years of experience to Quest's clients. Her background includes site readiness, site certification, demographic and labor market analysis, project management, business retention support, redevelopment, and business attraction. Past major projects include manufacturing, distribution, and headquarters operations.
